INNOVATIONS THAT ENERGISE

EVENT IDEAS

Pedal Power Cinema & Lights

A unique cinema that harvests energy from a pedaller to power a completely off-grid sustainable experience.

Pedal Powered Music Box

Partygoers pedal to power live bands or dance music. This modular setup can cater to all sized activations.

Energy Photobooth & Dance Battle

Challenge your friends to an energy dance-off, every dance move is converted to unique floor lighting for ambience.

Pedal Power Slot Car Race

Gamification and competition. Contestants that generate energy the quickest win the race!

Sustainable Phone Charge Stations

Using solar power for the outdoors or pedal power for indoors, choose a phone charging station with clean energy.
